Equipment Procurement & Implementation

Do we need a server? How can we network our existing machines?
Is a desktop or laptop better? What if we want to start using a Mac?
BlackBerry, iPhone, or Droid? What services do we need from the provider?
How much will my equipment cost? Are there leasing options available?

You'll find answers to all your technical questions at **Syzygy 3**.

Cloud Services from Microsoft

E-mail – anywhere at anytime – is now a requirement for your business. An infrastructure to provide that anywhere / anytime access can be a burdensome investment for most SMB's.

Syzygy 3 has found an alternative solution in the Cloud Services from Microsoft. **Hosted Exchange** (e-mail), **SharePoint** (workflow/document management), **LiveMeeting** (web/audio/video conferencing), and **Office Communicator** (instant messaging) deliver enterprise-level applications at an SMB price point (\$10/month/user, minimum five (5) users). Your business also benefits from a built-in disaster recovery solution for your critical communication tools.

Online Data Backup

It could be a hardware failure, software glitch, power surge, or water leak. A myriad of circumstances can cause your internal systems to fail and your data to corrupt. It's a nightmare scenario that causes repercussions throughout your business.

Not anymore. Through **Syzygy 3** you have access to a plethora of online backup solutions, each designed to meet your data backup requirements. Give yourself the peace of mind that comes with knowing your most vital asset is protected and secure.

CARE Services

CARE Services is a cost-effective managed solution for your technology and end users. **CARE** is designed to maintain the efficiency of your systems and minimize downtime for your business, whether through resolving user issues or executing a disaster recovery / business continuity plan. All **CARE Services** are backed by **Syzygy 3's** talented pool of engineers.
